

SANJEEVANI: A Future Food

Nature's Complete Wellness Capsules

Ancient Wisdom • Modern Wellness.
Revitalize Naturally. Live Powerfully.

VanaSuddhi Series

Ancient Wisdom

Blue-green algae preparations have been used as a nutrient-dense food worldwide for centuries. However, the raw powder has a strong, earthy, and grassy taste that many find difficult to consume daily.

Modern Wellness

Sanjeevani distills this ancient superfood into a convenient, measured, and portable 500mg capsule format. A consistent serving without the taste.

**All the benefits of earth's oldest superfood,
engineered for daily modern life.**

MACRONUTRIENT BREAKDOWN

57% - 60%

Complete Plant-Based Protein.

Contains all essential amino acids.
Ideal for vegetarians, vegans, and athletes for muscle and metabolism support.

5% - 7%

Essential Fats.

Supporting cellular health.

20% - 25%

Carbohydrates.

Sustained, natural energy.

**100% Natural, Plant-Based,
No Chemicals, Additives, or Preservatives.**

The Superfood Multiplier

■ 5000% more iron than spinach!

■ 1000% more beta-carotene than carrots!

■ 500% more calcium than milk!

■ 300% more protein than soya beans!

1kg of Sanjeevani delivers more nutrition
than 1000 kgs of assorted vegetables.

Targeted Lipids & Pigments

Omega-6 GLA:
Gamma Linolenic Acid
for hormonal balance
and heart health.

**Beta Carotene,
Zeaxanthin & Lutein:**
For healthy vision.

The Active Agents: Phycocyanin & Chlorophyll

Phycocyanin (The Shield)

A powerful antioxidant compound unique to blue-green algae. It actively neutralizes free radicals, reduces oxidative stress, and acts as a natural anti-inflammatory agent.

Chlorophyll (The Purifier)

A highly concentrated natural blood purifier. It alkalizes the body, reduces body acidity, and binds with heavy metals to help flush toxins from the liver and bloodstream.

Holistic Wellness Ecosystem

Overall Vitality: Holistic, natural wellness everyday.

Immunity: Enhances white blood cell activity and resistance to infections (Carotenoids).

Digestion: Alkalizes the body and enhances metabolism.

Heart Health: Helps reduce LDL cholesterol and lower blood pressure naturally.

Energy & Stamina: Reduces fatigue and fights exhaustion.

Brain Function: Improves cognitive clarity and helps reduce neuroinflammation.

Detoxification: Fiber (2-5%) and chlorophyll support liver cleansing.

Blood Sugar: Supports glucose level regulation.

Who is Sanjeevani For?

Students

For focus, learning & exam support.

Homemakers

For energy, stamina & everyday vitality.

Yoga Practitioners

For endurance, balance & inner strength.

Professionals

For performance, productivity & stress support.

Elders

For overall wellness, resilience & vitality.

Wellness Seekers

For maintaining a natural, healthy lifestyle.

The Daily Ritual

6 Capsules Daily

Option A: Take 2 capsules morning, 2 at noon, 2 in the evening.

Option B: Divide into 3 to 4 occasions throughout the day.

Best consumed on an empty stomach.

Consume along with VanaSuddhi Honey for best results.

Store in a cool, dry place away from sunlight. Shelf life: 18 months.

The Golden Pairing

The VanaSuddhi Ritual

1. Keep 2 Sanjeevani capsules on the tongue.
2. Take 1 tablespoon of any VanaSuddhi series honey.
3. Consume along with the VanaSuddhi Honey.

Super Best Method

Synergizes the fast-absorbing natural sugars of raw honey with the dense nutritional profile of blue-green SANJEEVANI for optimal morning revitalization.

standard for
food safety.

FSSAI Licensed:
License No.
13624012000625

Sustainable:
Ethically Sourced,
Responsibly Made.

Responsible Use Guidelines

Safe to Use

- General wellness seekers looking for nutritional support.

Consult a Doctor First

- Pregnant or lactating women.
- Individuals taking prescribed medicines, especially for blood clotting.
- Those with significant chronic illnesses.

Do Not Use

- Children below 3 years of age.
- Individuals with Phenylketonuria (PKU).
- Individuals with bleeding conditions or autoimmune disorders (without explicit medical clearance).

Note: Keep out of reach of children.

The Food-First Principle

- Supplements are designed to enhance, not replace.
- A varied, balanced diet must remain the foundation of healthy eating.
- Sanjeevani is a nutrient-dense food, not a replacement for medical diagnosis or prescribed treatment.
- Do not stop or replace prescribed medicines with Sanjeevani.

Ancient Wisdom. Modern Science. Holistic Wellness.
